Items Order	Portion Ordered	Price/lb Hanging Weight*	Deposit Required with Order
	Quarter Beef (+/- 150 lbs)	\$4.50/lb	\$300
	Half Beef (+/- 300 lbs)	\$4.25/lb	\$400
	Whole Beef (+/- 600 lbs)	\$4.00/lb	\$500

* The price is based on the hanging weight of the beef. Weights are estimated, actual weights will be certified by the processor prior to aging in cold storage. 14-21 days of aging prior to cutting and wrapping is typical. When the meat is cut and wrapped, you will have about 65-70% of the hanging weight in final yield. This is because of weight loss from bones and other inedible parts. This is the usual and customary way of processing beef in bulk. The processors cutting and wrapping fees are in addition to the cost of the beef and are paid directly to the processor when you pick up your frozen grass fed beef.
